

CAREER OPPORTUNITY

SUSTAINABILITY ANALYST

We are Ireland's leading commercial property investment company and the largest owner of offices and logistics assets in Dublin.

We are a long term investor with a 50-year track record in real estate. We own and manage a portfolio comprising over 5.2 million sq ft with a net asset value of €2.75 billion.

We are seeking a Sustainability Analyst to work alongside the in-house Sustainability Lead in coordinating and implementing the IPUT Responsible Investment Strategy across the portfolio.

Role & Responsibilities

Reporting to the Sustainability Lead the role will involve;

- Assisting with the implementation of the IPUT Responsible Investment Strategy (RIS) through the introduction and day to day management of appropriate policies, objectives and governance structures;
- Promoting best practice measures in support of the IPUT Environmental, Social and Governance (ESG) agenda;
- Working closely with the in-house management team, third party agencies and awarding bodies to ensure the achievement of all targets and objectives as set out in the RIS;
- Devising and delivering appropriate communication and engagement programmes with key stakeholder groups, such as occupiers, investors and suppliers;
- Collating environmental and social data for internal and external reports such as the IPUT Annual Report, GRESB, PRI, etc.
- Responding to internal and external stakeholder data requests.

Personal Profile

- Previous experience (minimum 3 years) in a Sustainability Analyst or similar role with a related qualification in the area of Environmental and/ or Energy Management.
- Proven experience in devising and implementing ESG programmes in support of climate action, circular economy and health and wellbeing initiatives in a corporate setting is essential. Experience in the real estate or construction sectors is desirable.
- Excellent analytical skills with previous experience working with GRESB and other awarding bodies.
- Strong project management skills with a proven track record in stakeholder communications and engagement.
- Excellent organisational skills and report writing ability with strong attention to detail.
- Pro-active with ability to work on own initiative to achieve deadlines.
- Proficient in use of MS Office suite, experience working with energy analytics platforms and big-data analytical tools.
