Nexus delivers the highest sustainability credentials in the country

Electric car (EV) charging stations

Supporting a low-emission commute, up to 10% of car parking spaces can have EV charging points. Ducting and termination points can be provided to other car parking spaces to provide for future charging points.

Renewable energy

On-site renewable energy production using roof mounted photovoltaic solar panels. Advanced sub-metering infrastructure for ongoing energy management and verification. NZEB (Nearly Zero Energy Building) compliant fabric and MEP design.

LED lighting

High efficiency LED lighting system with daylight harvesting and occupancy controls. Interior and exterior LED light fittings to reduce energy costs.

Glue-laminated timber

IPUT have pioneered the use of glue-laminated timber in logistics development in Ireland and each unit has the potential to be delivered to a net zero carbon standard.

Recycling

Dedicated space for storage and collection of recyclables to reduce environmental impact.

Rainwater harvesting

Rainwater harvesting system to reduce potable water consumption.

Energy efficient building envelope

Advanced building envelope to improve thermal performance.

Energy usage monitoring

Energy usage monitors installed in warehouse to ensure efficiencies are identified and implemented.

A low carbon

solution

Occupiers can opt for a full timber glue-laminated structural frame, reducing embodied carbon by up to 30%.

On site renewable energy

As standard, all units at Nexus Logistics Park will be delivered with photo-voltaic panels with capacity to power the baseline MIC. Occupiers may opt to increase this provision and increase the substantial cost savings from on site renewable energy.

A landmark

A logistics park that sets new standards for health, wellbeing and occupier experience.

A central public pavilion, biodiverse landscaping and walking / cycling routes through the centre of the park will increase wellbeing, boost productivity and build a sense of community.

A landscape

Nexus is set on a 64-acres and planted with 40,000 native trees and shrubs.

This creates an environment for people, wildlife and biodiversity to thrive. Woodlands reduce noise pollution. Buildings look directly out onto the landscape.

Jogging tracks, cycle paths and outdoor gym facilities make an active lifestyle part of every working day. Ponds and water features offer calm spaces for rest and relaxation.

We are leaders in Irish real estate. We take a leadership stance in everything we do and strengthen our number 1 position through our culture of excellence, creativity and innovation.

Trust

We build trust through performance. Our long-standing relationships with investors and stakeholders is founded on our unrivalled track record and our commitment to impeccable conduct and openness.

Purpose

Our purpose drives us to set high expectations. Our expert, experienced team ensures we meet them. We take pride in investing in exceptional buildings and creating thriving neighbourhoods.

Track record

Aerodrome Business Park, Co. Dublin

Pioneering the greenest logistics facilities in Ireland. Leading the way with design and placemaking and sustainability.

Our buildings form the cornerstone of neighbourhoods that enhance business life, and are always inclusive, vibrant communities for all.

As a generational investor, responsible investing is in our nature. Our long-term outlook guides us as stewards of our neighbourhoods and means we are committed to creating places that endure economically and socially.

Quantum Logistics Park

Quantum Logistics Park is the first purpose built logistics scheme developed by IPUT. Completed in May 2023, Quantum was entirely pre-let to Harvey Norman, DHL and Maersk.

Unit 4 Quantum Logistics Park is Ireland's first net zero carbon logistics building, utilising an all timber structural frame.
